SUBJECT: Clifton Mining Company - Cactus Mill Large Mining Operation - M/045/049
State Identification Number: 01-590

Dear Mr. Munson:

The Resource Development Coordinating Committee (RDCC), representing the State of Utah, has reviewed this proposal. The Division of Air Quality comments:

This proposed project is subject to Utah Air Conservation Rules (UACR) R307-205, Emission Standards, Fugitive Emissions and Fugitive Dust. These rules apply to sources that produce fugitive dust and fugitive emissions that are associated with mining activities. In addition, a permit application, known as a Notice of Intent (NOI), may be required if certain conveyors, crushers, or screens are used during mining operations. You can download copies of the UACR from our website: www.deq.state.ut.us or call (801) 536-4000 for more information.

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Resource Development Coordinating Committee at the above address or call Judy Edwards at (801) 538-1153 or John Harja at (801) 538-1559.

Sincerely,

Natalie Gochmour
State Planning Coordinator
